ERIC? Ya goof. Aduuuuults! More Adults Respect the space</p>

Con Debrief Elaboration:

Coffee House:

- Really Stress Step up Step back
- Limit peeps to one act only or justify multiple acts
- AFTERNOON COFFEE HOUSE!

Gofers:

- Need to be contactable
- MELONS
- Gofer (and cooks) need to register before first grocery run
- Brief them for real.

Touch group closing organization:

- Peeps need to respect the leaders
- To be fair it was very cold outside
- Rooms need to be planned better

Rooms:

- The Co-ed loud room needs to be winkable to avoid room changes

Cleaning:

Too much was left for council
More should have been done on Saturday

NomCom Requirements

Newbiness doesn't affect value of insights
Do not present NomCom as a touchgroup funtime
Do not encourage newbies
We shouldn't allow obnoxious people, leader can ask them to leave

Jeanelyse

Regional Assembly & Jennica

on April 26-28

in San Jose

YRUU will sleep at the church

Youth Volunteers: Alexa, Abbie, Ryan

We are invited to be involved with Pacific Southwest Bridging

Training the Trainers

Youth Volunteers: Ashley, Phoebe

Youth Advisory Board:

Youth volunteers: Phoebe, Sarah, Harley, Torger

Chuck Money Fluctuations:

\$1500 for normal cons

\$1800 for elections con

We should start a list of adult advisors!

We should put the R back in YRUU hardcore!

Registration Software

Constant Contact is the name

Standardizes forms

We will have con goers' info on file

the district uses it and likes it

people would register online but would still have to bring their signed medical release and covenant to the con

We would need to ask for more money from chuck because most people would pay online

Basically everyone would be able to access it

Proposal:

We should get online registration software

CONSENSUS REACHED

Social Action Survey Results

Generally people like social action

Direct Action and Discussion are favorite activities

People like to have options to choose from

¼ of people think social action should not happen at every con

Social Action Summit: 60 want it to happen but 40 say they would go
SASY will make this happen

Camping Con

Aptos REALLY wanted us to use their church

Aptos is very small

Aptos only has 3 toilets

We are going to be ice blocks

Trenches around the tents will be dug to keep us dryer

There isn't a room big enough to have a circle orientation. It will have to be audience style

We need to stress CUYODS and respecting the space

Tell Peeps to bring multiple sleeping bags

Have a box on the registration box to check to say: I don't have warm things

encourage people to try to get a sleeping bag from a friend before checking box

Discourage Sink Showers

No individual tents.

CAMPING CON NEEDS:

Big Pots

Cones and Caution tape for church borders

Smaller Tents for boys and girls quiet rooms

Alexa's Grandmother

Cough Syrup

Hot Drinks

Rented Sleeping Bags (Phoebe)

Sign out sheet

(no communally shared personal sleeping bags)

Major Tarps

Porter Potties times infinity

1 hr a day for cleaning

Towels, a lot of towels

Extra money

Transport for the giant tents

Beach Cleanup

2.5 miles away

participants would be limited

more parent permission would have to happen

more trouble than its worth

Anti Oppression-Anti Racism Training (ARAO)

growing cons means growing diversity

start with social action event and see amount of interest then do a weekend

we shouldn't do a workshop because people will want to do con things instead

add this to chaplain and leadership training

social action is more accessible than a weekend and we want people to go

Con Growth

Ask Jason for Graphs of Actual Numbers

Possible Solutions:

split cons

Con goers would vote on how to split

No matter how you split cons, one half will be better than the other

People will go to the one they want to go to

There is so much bad

rent facilities

religious aspect would not be in the space

(but the people are what make it worshipful)

we could just rent for elections

parents might be concerned

boys and girls club is an option

opens up churches that want money

encourages growth so we would have to change accordingly

we would make less money

registration fee might have to increase

we might need to turn away people who don't pay or organize

scholarships

registration cap

not inclusive

too easy

Bring Back the R in YRUU

Turn away late registrants

Proposals

Move Registration Window back 3 days (Sunday to Wednesday)

CONSENSUS REACHED

Turn away all registrants
